Brave Men and Women

Brave Men and Women is a collection of stories about historical figures who, through success and failure, made an impact on their world. As noted in the Preface, the author's aim "has simply been to form a sort of mosaic or variegated picture of the Brave Life - the life which recognizes the Divine Goodness in all things, striving through good report and evil report, and in manifold ways, which one is often unqualified to judge, to attain to the life of Him who is 'the light of the world'." - Summary by Kristin Hand
